Keenan and Associates Construction Services Division picks VUE Wrap-Up Management Software to drive the administrative support system for their Statewide Educational Wrap-UP Program (SEWUP)

Dynamic software offers flexibility to handle single or multiple projects, multiple carriers and multiple product applications simultaneously

Coconut Creek, Florida, 5/22/2007 – Keenan & Associates (Keenan), a full services insurance broker that offers and administers a construction wrap-up program and pool for its school and college clients, has selected VUE Wrap-Up Management from Computer Solutions & Software International (CSSI) as the support system for their SEWUP program. Keenan has decided that VUE Wrap-Up Management will provide SEWUP the adaptability and agility to grow the program and help them manage the unique aspects of school construction risk.

“VUE Wrap-Up Management is a comprehensive Insurance Administrative Solution that was designed to meet the needs of Third Party Administrators and MGA’s to control the entire contracts administration lifecycle”, said Stephen Bruno, president and CEO, of CSSI. “We thoroughly understand this segment of the industry and our product offers the proven technology, architecture and key benefits Keenan was looking for.”

As the Pool Administrator, Keenan provides underwriting, financial, claims and loss control services in support of multiple policies, carriers, projects and owners for projects totaling over \$1.5 billion in construction value. With VUE Wrap-Up Management, Keenan has the capability to efficiently and effectively manage all related issues: enrollments and payroll, policy documentation, loss information, coverage tracking, savings measurement, renewals, safety reports, etc. under one robust modular software platform that is adaptable to future marketplace and industry changes. This will result in streamlined internal operations and will drive cost benefits and productivity gains for both Keenan and their clients.

Other key benefits that VUE Wrap-Up Management creates for Keenan are:

- Objects are easily customized
- Easy to learn and use
- Secure
- Powerful reporting system
- Electronic interfaces
- Standards-based interfaces (XML, ACORD, text)
- Deployed directly into Keenan’s data center.
- Feature-rich
- User-Friendly
- Web-based user interface
- Pro-active communication (fax, email, pre-formatted letters)

VUE Wrap-Up Management encompasses the entire contracts administration lifecycle for an MGA, Super MGA or Insurance Company. The system includes functions for each of the functional sectors of the department; underwriting, project coordination, OCIP administration, loss control, management tracking and reporting. Keenan understood the benefits that VUE Wrap-Up Management creates and will use them to maintain its leadership position in the industry.

About CSSI and VUE Wrap-up Management®

VUE Software® is the product division of Computer Solutions and Software International (CSSI) dedicated to providing industry-specific business technology solutions to companies in the insurance, healthcare, and construction verticals. Because they are tailored to the needs of these particular industries, our solutions are different from one-size-fits-all performance management and compensation suites such as enterprise incentive management (EIM) and sales performance management (SPM) solutions. VUE Software's solutions allow companies to manage strategic incentive plans, automate producer administration and organize complex data and contractor policies, resulting in greater administrative efficiency and improved sales performance. For more information about VUE Software, please call 1.877.4.VUESOFT or visit www.vuesoftware.com.

VUE Wrap-Up Management is a dynamic, purpose-designed tool to effectively manage the Owner Controlled Insurance Program (OCIP)/Contractor Controlled Insurance Program (CCIP) insurance lifecycle and streamline the policy administration process. VUE Wrap-Up Management is powerful enough for large project coordination, but is affordable and adaptable to the requirements of smaller TPA's and owners as well.
