## Construction Risk Partners chooses VUE Wrap-Up Management as the foundation for their Wrap-Up Insurance Programs

Coconut Creek, Florida, 8/5/2009 – Construction Risk Partners, a large New Jersey-based provider of construction insurance and surety brokerage services, has chosen VUE Wrap Up Management<sup>®</sup> to manage their Wrap-Up Insurance Programs. Construction Risk Partners have decided that VUE Wrap-Up Management will help them increase their operational efficiency, adaptability and agility to grow their business.

“VUE Wrap-Up Management is a solution that helps control the organization of contracts, policies and sub-policies for wrap-up insurance programs”, said Stephen Bruno, president and CEO, of CSSI. “There is a real need for such a tool in the industry and our product offers the proven technology, architecture and key benefits Construction Risk Partners were looking for.”

With VUE Wrap-UP Management, Construction Risk Partners has the capability to efficiently and effectively manage all areas of a wrap-up program: enrollments and payroll, policy documentation, loss information, coverage tracking, renewals, storage of safety reports, etc. - in an easily accessed web-based system. The solution allows for streamlined internal operations, cost benefits and productivity gains for both Construction Risk Partners and their clients.

Other key benefits that VUE Wrap-Up Management creates for Construction Risk Partners are:

- Objects are easily customized
- Secure
- Automated communication (fax, email, pre-formatted letters)
- Powerful reporting system
- Standards-based interfaces (XML, ACORD, text)
- Web-based user interface

“We are happy with our choice to use VUE Wrap-Up Management as the technology to support our Wrap-Up Insurance Program administration,” said Bill Linney, Principal at Construction Risk Partners. “The combination of the software and our administrative services will prove highly valuable to our clients.”

VUE Wrap-Up Management includes functions for each of the functional sectors of the department; underwriting, project coordination, CCIP/OCIP administration, loss control, management tracking and reporting. Construction Risk Partners will benefit from the capabilities VUE Wrap-Up Management delivers and plans to leverage the system to maintain its leadership position in the industry.

### About CSSI and VUE Wrap-Up Management<sup>®</sup>

VUE Software<sup>®</sup> is the product division of Computer Solutions and Software International (CSSI) dedicated to providing industry-specific business technology solutions to companies in the insurance, healthcare, and construction verticals. Because they are tailored to the needs of these particular industries, our solutions are different from one-size-fits-all performance management

and compensation suites such as enterprise incentive management (EIM) and sales performance management (SPM) solutions. VUE Software's solutions allow companies to manage strategic incentive plans, automate producer administration and organize complex data and contractor policies, resulting in greater administrative efficiency and improved sales performance. For more information about VUE Software, please call 1.877.4.VUESOFT or visit [www.vuesoftware.com](http://www.vuesoftware.com).

VUE Wrap-Up Management is a dynamic, purpose-designed tool to effectively manage the Owner Controlled Insurance Program (OCIP)/Contractor Controlled Insurance Program (CCIP) insurance lifecycle and streamline the policy administration process. VUE Wrap-Up Management is powerful enough for large project coordination, but is affordable and adaptable to the requirements of smaller TPA's and owners.
